

IF YOU GET A BLANK SCREEN

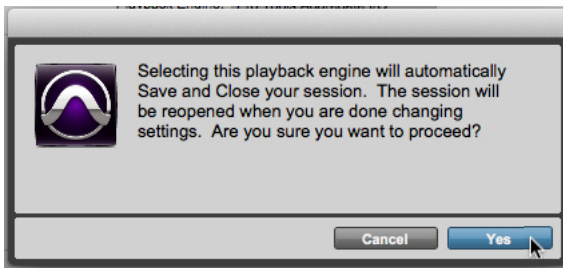

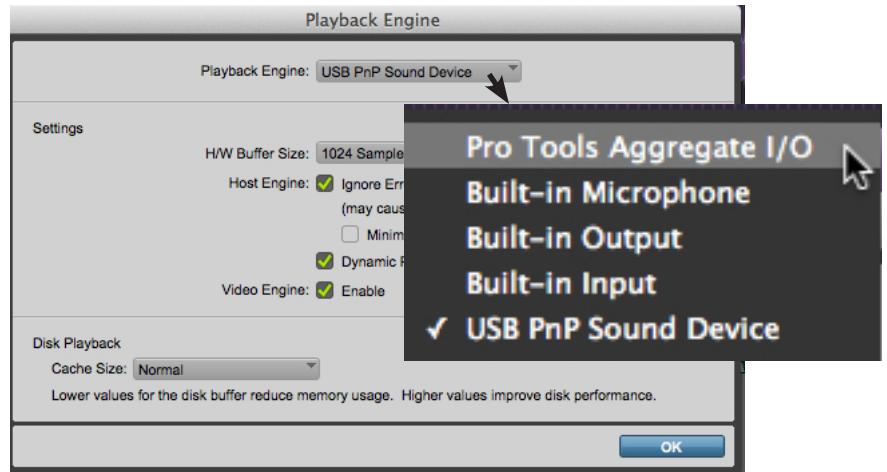

Make sure that the **Edit** window is active.

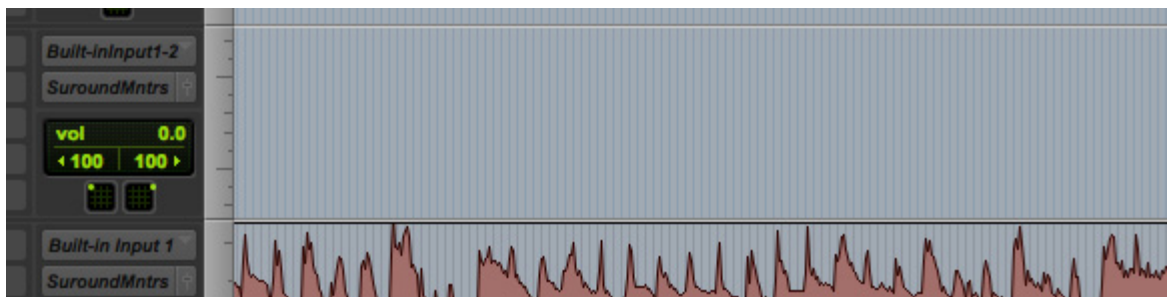

IF YOU CAN'T HEAR ANY SOUND

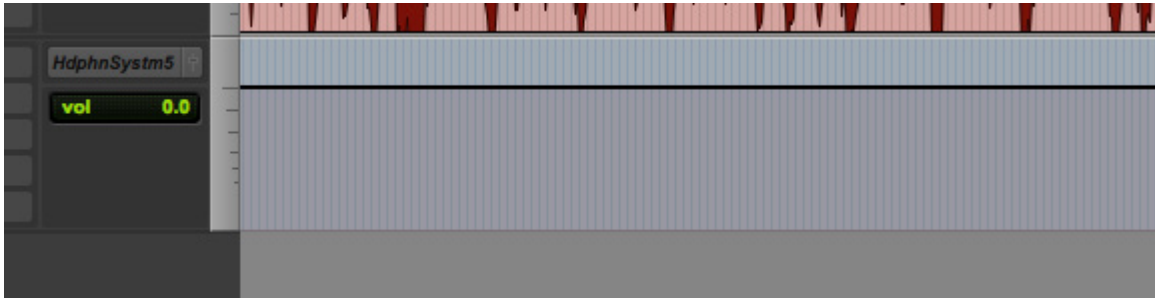

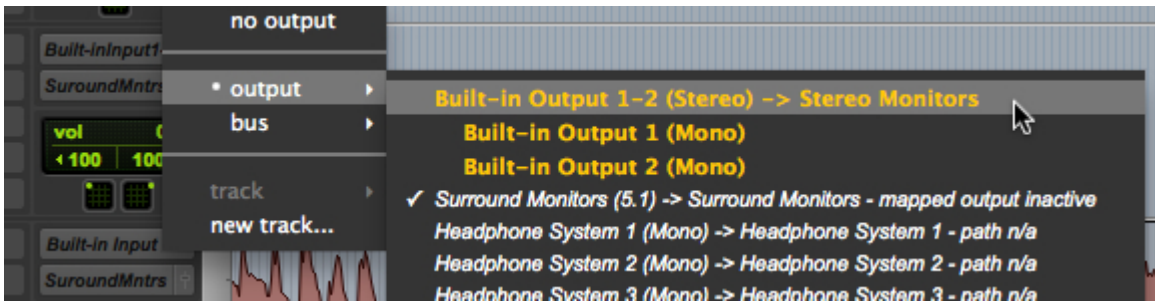

Set the **Playback Engine** to **Pro Tools Aggregate I/O**.

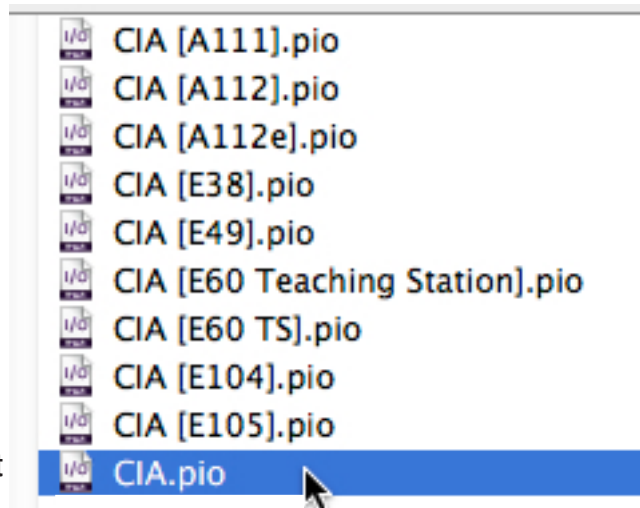

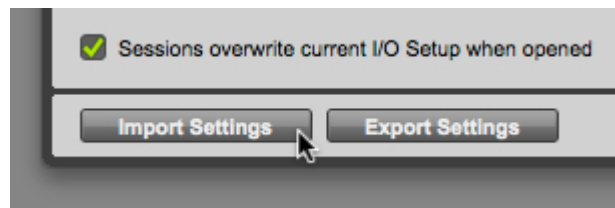

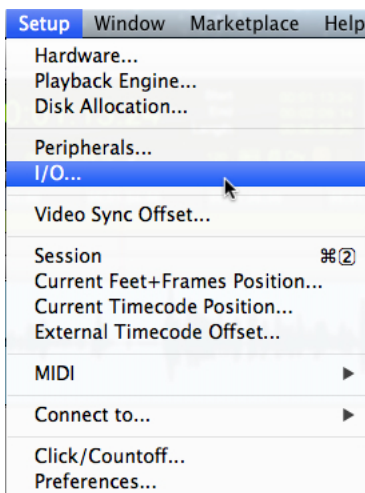

Inactive outputs will need to be changed.

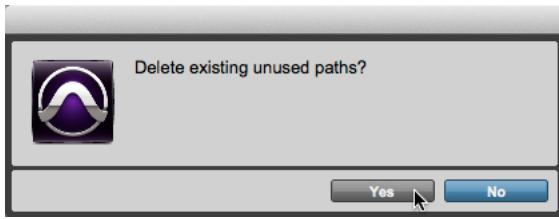

Check I/O settings.

Import Settings according to which room you're in. If you are in a room not on the list, choose **CIA.pio**.

Import Settings in both the **Output** tab and the **Bus** tab.
